

## Workplan 2009 AIDS Action Europe

### 1 General goal AIDS Action Europe

AIDS Action Europe is a partnership of more than 220 AIDS-related non-governmental organisations from 44 European and Central Asian countries. AIDS Action Europe's mission is to unite civil society to work towards a more effective response to the HIV epidemic in Europe. We strive for better protection of human rights and universal access to prevention, treatment, care and support. We work towards a reduction of health inequalities in Europe focussing on key vulnerable populations and Central and Eastern Europe and Central Asia.

As regional office of the International Council of AIDS Service Organizations (ICASO), AIDS Action Europe is part of ICASO's mission to mobilize and support diverse community organizations to build an effective global response to HIV and AIDS. This is done within a vision of a world where people living with and affected by HIV and AIDS can enjoy life free from stigma, discrimination, and persecution, and have access to prevention, treatment and care.

AIDS Action Europe's core values are transparency, inclusiveness, MIPA (meaningful involvement of people living with HIV), human rights based approach, networking/partnership culture and accountability.

AIDS Action Europe's general objectives

- To be a Pan-European partnership of non governmental organisations that works towards a more effective response to the HIV and AIDS epidemic
- To address the needs of communities affected by HIV and support lobbying and advocacy of interests
- To mobilize the responsibility and commitment of national governments

### 2 Objectives for 2009

- Support NGOs to make an effective contribution to European HIV/AIDS policies through public policy dialogue
- Facilitate continuous linking and learning among NGOs on good practices and lessons learned
- Manage effectively the AAE network
